SKILLS

Sketching
Rhino 3D
SolidWorks
Blender
Keyshot
Figma
Sculpting
Adobe Creative Cloud
Prototyping and 3D Printing
Electronics and
microcontrollers

EDUCATION

Istanbul Medipol University

2018-2022
BA in Industrial Design

Parsons/The New School

2022-2024
MFA in Industrial Design

PROFILE

Technical Industrial Designer (MFA, Parsons) and Lecturer with expertise in consumer electronics, furniture, and hardware prototyping. I specialize in merging high-fidelity digital modeling with physical interactivity, ranging from modular keyboards to collaborative robotics. Dual-citizen based in NYC, committed to humanizing technology through tactile innovation and rigorous mechanical problem-solving.

EXPERIENCE

Industrial Design Intern at Cadem Innovative Solutions

2019-2020

- Designed 3D model concepts for a golf cart.
- Worked directly with the design team leader as my mentor.

Industrial Design Intern at Oya Design

2020-2021

- Studied how porcelain behaves in large structures.
- Worked as part of a design team.
- Modeled and prototyped a porcelain TV stand.

Industrial Designer Freelancer at Anatoline Luxury Perfumes

2021-2022

- Worked directly with the owners of the company for new designs.
- Worked as a two-designer team for the project.
- Sketched / modeled/ prototyped / rendered and presented the designs.

MFA Advanced Modeling Methods Teaching Assistant at Parsons/The New School

2022-2023

- Worked with Mark Bechtel to give lectures and demos to first year MFA industrial design students.

Lecturer at Istanbul Medipol University/Industrial Design

2024-2026

- Worked as a lecturer and gave lessons on advanced modeling, design production workshop and design studio. (Undergraduate 1st 2nd and 3rd years)
